

EMBARGO 47

FREQUENCY RANGE(S):	7250–7750 MHz 7900–8400 MHz 10.95–12.75 GHz 13.75–14.50 GHz
SUBJECT:	Embargo on new frequency assignments for stations in terrestrial services near Geraldton
DATE OF EFFECT:	24 September 2007
COVERAGE:	Within 75 km of latitude 28° 41' 38" south, longitude 114° 50' 43" east (GDA94)
TIME FRAME:	Until further notice

INSTRUCTIONS

No new assignments are to be made in the frequency bands 7250–7750 MHz, 7900–8400 MHz, 10.95–12.75 GHz and 13.75–14.5 GHz within 75 km of latitude 28° 41' 38" south, longitude 114° 50' 43" east (near Kojarena, Western Australia). The embargo applies to all apparatus-licensed terrestrial stations (including those in the fixed and mobile services) located within the specified zone. This includes assignments for existing licensees seeking to expand or modify their radiocommunications systems in the bands.

This embargo does not apply to assignments for satellite Earth stations consistent with relevant planning arrangements.

Exceptions to this embargo require case-by-case consideration and the approval of the Manager, Spectrum Engineering Section. Exemptions will only be granted if the proposed assignments can be shown to successfully coordinate with planned geostationary satellite orbit Earth station operations at this location.

REASON

The purpose of the embargo is to support planned activities at the Australian Defence Satellite Communication Station (ADSCS) located at Kojarena, near Geraldton, WA.

EMBARGO AUTHORISATION:
