## Sensitive:Legal

Dear Mr Crees-Morris

Please find attached written notice that, pursuant to clause C.B.1 of the Deed for the Supply of Goods and Services related to Amateur Radio Qualifications (the Deed), the ACMA has taken all actions necessary under the *Radiocommunications Act 1992* (the Act) to allow the Australian Maritime College (AMC) to provide the goods and services specified in the Deed.

Copies of the relevant enabling instruments, as made by the Authority on 21 February, are attached. The additional requisite approvals are also attached.

We expect to publish updates to our website on Monday 25 Feb, indicating that enquiries relating to examination services should be referred to the AMC. Once you have finalised the landing page for the AMC website, please send it through for us to link to.

Kind regards

**Sean McQueen**
