Sunday 1st November 2020

To ACMA

Dear Mei-Lin Bastian,

There was an error in Harmony FM's submission re-information requested by the ACMA sent Friday 3th November, I am sorry that this occurred and hope the ACMA may accept this information.

Suzanne from the Hawkesbury City Council has allotted days and time spots for The Mayoral Report each month on Harmony FM. Well on the council email the dates are correct as they all fall on a Wednesday but it says Tuesday and all should read Wednesday.

Wednesday the 4th November 2020 at 1pm.

Wednesday 2nd December 2020 at 1pm.

Wednesday the 3rd February 2021 at 1pm.

Wednesday the 3rd March 2021 at 1pm.

The error in print has been corrected.

We would like to request if ACMA does decide on the TWO different timing conditions for all stations as of Wednesdays from midday to Saturdays at midnight and Saturdays at midnight to Wednesdays at midday.

We would like to add there is a timing condition that would suit Harmony FM (if WHCR) decide to make use of our facilities as well, Wednesday midday to Saturday midnight. We would get our Wednesday Mayoral segment in and our Thursday live broadcast with Be & Co which we have been doing for the past 18 months. Harmony also is a sponsor of the Hawkesbury city netball which have 140 teams in the Hawkesbury playing Saturday mornings and would like our station to go around the courts and bring scores to the community. Local soccer has asked if they could have a segment as well, we have a huge Wednesday night sport segment which covers all sport and has the most presenters on air than any of the other stations in a sports segment, sometimes five presenters come to the studio for this show at any time. We would also share sporting segments with one of the other stations, both sports shows at the two stations get on well together. We have a show that was born out of the Hawkesbury and is produced at Harmony FM "Saturday Night Gold". This show is on 72 radio stations and is the most listened to show on radio on a Saturday night here and abroad. This is a rock n roll show and has a huge audience of mature listeners evidenced by the numerous mail we receive from listeners. I must point out not many mature age listeners have internet access or do not know how to operate the internet so are best served to

listen on the FM band.

Sorry about the errors sent on Friday which I overlooked due to the enormous workload I have at my business at the moment.

Thanking you Mary Jane McMahon. HHCRA Inc.
