Subject: Review of non-assigned amateur and outpost regulatory arrangements – consultation 01/2021

Dear Sir/Madam.

Much as I am only a Foundation Operator, I seriously believe Option C will lead to serious issues on the Amateur Bands and as such, I do not support this option.

Option A would be my first preference, although Option B may be viable if further information is forthcoming on how this would affect Amateur Operators going forward.

Thanks for your time.

Mike Finch (Callsign VK5MWW)
