

Dear Ms Mei-Lin Bastion,

Thank you for your correspondence.

We welcome the opportunity to respond.

In addition to our past correspondence and communication with the ACMA, Please find the answers to your questions:

Part 1.

1. Total number of members:
  - a. The total number of members for WHCR is 75.
2. Total number of financial (voting) members:
  - a. The number of voting members for WHCR is 75.
3. Number of members residing in the licence area:
  - a. The number of WHCR members residing within the licence area is 68 (equating to 98% of membership)
4. Total number of volunteers:
  - a. The total number of volunteers at WHCR is about 35 (this fluctuates because of COVID).
5. Number of volunteers involved in presenting or producing a program at WHCR is 30.

Please note that the Covid-19 Pandemic has adversely impacted our membership with many people under financial stress and isolation, the above membership rate is not consistent with normal membership numbers and projections during normal times. For example last year we had over 150 members and this year it is half that. This is squarely based on the COVID pandemic which is a factor out of everyone's hands, we note that the ACMA should not in our opinion rely too heavily on these numbers but rather the CAMS-WHCR guarantee to bring in 3<sup>rd</sup> party mediators to bring together all the groups if CAMS-WHCR is given a 24/7 12month licence (and at the very least if a 24/7/365 is not possible a 3day a week licence as per our previous correspondence) .

Part 2.

Please note that due to the COVID-19 pandemic presenter availability, volunteers and members are not always available during this stressful and difficult period affecting all community members.

The latest broadcast that WHCR did was on Monday and Tuesday 12<sup>th</sup> and 13<sup>th</sup> of October 2020.

The authorised program schedule for this period of time is:

News Every Hour Plus Community Service Announcements 4-6 blocks per hour plus:
