Hi

I attach the call sign recommendation form and ACMA form to apply for VK3KI

Before you refuse this please see my note on the form and also be in contact with the ACMA in regard to previous correspondence over the "protection" of this call sign.

If ACMA decline to issue it then when writing back to me please give me a name and reference so that I do not have to waste time explaining the situation to their general enquiries area.

Kind regards

[REDACTED]
