Dear Amanda

Thanks for your emails since Friday.
The best date offered that Nerida would be available for the prep call with Andrea is on Tuesday 1 February 0630 GMT / 1730 AEDT and I have popped a placeholder in the diary to that effect.
I will also arrange for one of our IT people to do a tech check with Petra, as noted in your email.
Glad to hear that Nerida is automatically registered, thanks.

Kind regards
Carolyn

Subject: INTRODUCTIONS and prep call - your panel at IIC's annual Asia Forum 8-10 February
Importance: High

Dear Nerida, Wei-Chung and Aung

Many thanks again for confirming your participation as speakers at the Regional Regulators'
Forum (RRF) on 8th February which kick-starts our annual Asia Telecom & Media Forum. It is a
pity we can't all meet over coffee next month, but hopefully we will at some point this year!

I am delighted that Andrea Millwood Hargrave will be moderating the opening panel – Andrea
was Director General of the IIC until 2020 and I know she is very much looking forward to
'seeing' you all on her screen soon. Speaker bios and also the agenda for all three days can be
seen here https://www.iicom.org/event/annual-asia-telecommunications-media-forum-online/

The RRF comprises 3 panels – the first of which focuses on protecting citizens and consumers.
We ask that each speaker prepares opening remarks of 5-7 minutes which summarises the
relevant initiatives that you are working on and your priorities for this year. Details can be
elaborated on during the discussion which will follow - Andrea will initiate this with questions
which will be agreed in the prep call. We do not require slides – however if you would like to use
one or two to help illustrate specific points or data then please let me know.

Andrea – I know you are away for a few days next week, but could you please suggest a couple
of options for a prep call with your speakers (or their representatives) and I will collect
everyone's feedback and schedule the call. It will need to be early morning our time, of course.

Speakers: we recommend a TECH CHECK with our tech support Petra Johansson as soon as
possible so that she can make sure you can access the event platform (zoom webinar) and Petra

can then also talk you through the process on the day of the event to connect. You can book a quick tech check with Petra at a time that suits you using this link: https://calendly.com/petra-twistedtree/iic-tech-check . If you cannot find a time that suits you, simply email Petra with your preferred day/time and she will try to arrange this.

The session reads as follows:
8th February
Regional Regulators Forum
Sharing regulatory best practice - rising to the challenges of digital transformation and the converged telecom/tech/media ecosystem
Protecting citizens and consumers 0600-0700 GMT
Moderator: Andrea Millwood Hargrave, Principal, Millwood Hargrave Ltd
Panellists:
Nerida O'Loughlin, Chair and Agency Head, Australian Communications and Media Authority (ACMA)
Dr Wei-Chung Teng, Commissioner, National Communications Commission (NCC)
Than Htun Aung, Deputy Director General, Posts and Telecommunications Department, Myanmar

We automatically register our speakers so you do not need to do anything in that regard. We welcome your colleagues as delegates - they do need to register via the website link above.

If anyone has any questions or concerns please do let me know immediately.

I look forward to scheduling our prep call.

Best wishes

Amanda
