Attn : [REDACTED]

Dear [REDACTED]

PIPE International (Australia) Pty Ltd – Further Information Required

Thank you for providing the Australian Communications Media Authority (AMCA) with the outstanding route position lists and updated charts regarding PIPE's application for a permit to install the proposed Sydney – Guam submarine cable in the Northern Sydney Protection Zone and the accompanying application for a permit to install the cable in Australian waters (other than in a protection zone or coastal waters). ACMA formally confirms receipt of this information on Monday 25 February 2008 and will now recommence consideration of both of PIPE's permit applications.

Should you have any questions regarding the process from here please contact [REDACTED]
[REDACTED] (ph: [REDACTED] email: [REDACTED]).

Yours sincerely

[REDACTED]
Acting Manager
Submarine Cable Protection
