Dear [REDACTED]

**PIPE International (Australia) Pty Ltd – Further Information Required**

Thank you for providing the Australian Communications Media Authority (AMCA) with the outstanding crossing information for PIPE's application for a permit to install the proposed Sydney – Guam submarine cable in the Northern Sydney Protection Zone and the accompanying application for a permit to install the cable in Australian waters (other than in a protection zone or coastal waters). ACMA formally confirms receipt of this information on Friday 7 March 2008 and will now recommence consideration of both of PIPE's permit applications.

Should you have any questions regarding the process from here please contact [REDACTED] (ph: [REDACTED], email: [REDACTED]).

Yours sincerely
