Sam Harris's comeback tour involves no humility about his errors, and lots of talking about me while refusing to talk to me. Even friends seem happy to monetize his obvious hypocrisy and cowardice. So much for better sense-making outside of corrupt institutions, I suppose.

do our friends no favors by pretending not to notice flaws, especially when those flaws are bound to no one's eyes. We have two choices. We have to choose between conversation and silence. Conversation and silence. And faith is a conversation.

I love it when people say that Ayn Rand's villains were too over-the-top and unrealistic

The corporate press is the enemy of the people:
