Having reviewed the comments in the pdf doc it does appear that we received one enquiry relating to the 'wheelbarrow' comments. The person was referred to the broadcaster. I don't recognise any of the other allegations, but obviously the team will have a thorough review as part of the QoNs.

Hi [REDACTED]

Attached is the document that Senator Hanson-Young handed over to the ACMA at the estimates hearing this week

[REDACTED]

I am pretty confident we have not received complaints on any the content identified, but grateful if you could confirm (noting I expect we will get the Chair to ask the Licensee for the dates of these broadcasts – side question, do we ask them to also provide a sound recording of the broadcast, or do we have other ways of getting these through subscription services or the internet?).

I'll come back to you later today with further instructions re: a potential draft letter for the Chair to send to the Licensee.

Thanks
Alana
