Indexation of Australian program production budget and licence fee figures

Section 13 of the Broadcasting Services (Australian Content and Children's Television) Standards 2020 (ACCTS) requires commercial free-to-air television licensees to broadcast at least 250 points each year of first release Australian programs from genres including drama, documentary and children's non-drama.

Points are calculated by multiplying the duration of the program (in hours) by the predetermined genre point allocation for the particular program genre and production budget.

Production budgets and licence fees from 2021

From 2021, Schedule 1 to the ACCTS sets out the following genre point allocation:

Schedule 1—Genre point allocation

| Column 1 | Column 2 |
|--|---------------------------------|
| Genre | Points per hour broadcast |
| Commissioned first release Australian documentary program (capped at a maximum 50 points per calendar year) | 1 |
| Commissioned first release Australian children's program (non-drama) | 1.5 |
| Commissioned first release Australian drama program (less than or equal to \$450,000 production budget per hour) | 1.5 |
| Commissioned first release Australian drama program (more than \$450,000 up to \$700,000 production budget per hour) | 4 |

How has the ACMA has calculated production budget and licence fee figures for 2025?

Section 15 of the ACCTS specifies a formula for calculating increases for the production budget and licence fee figures from 1 January of each year. If the CPI number¹ increases over the twelve months to the September quarter preceding 1 January of the relevant year, an increase to the amount is calculated using the formula:

'previous indexable amount² x latest CPI number³ ÷ earlier CPI number⁴'.

The result is to be rounded to the nearest thousand dollars and if the amount to be rounded is \$500, it is to be rounded down.

The following table sets out the production budget and licence fee figures for genre points calculation for 2025.

| Production | | 2025 | | | Basis of calculation | | | |
|--|---------------------------------|--------------------------------|-------------------------|---|---|--|-----|--|
| budgets and licence fees from 2024 Schedule 1 – Genre point allocation table with 2024 CPI increases | Points per hour broadcast | Lower or only value (\$) | Higher value (\$) | Latest CPI number (CPI number for quarter ending 30 Sep of previous year) | CPI number (CPI number for quarter ending | Lower or only original value x Latest CPI ÷ earlier CPI | | |
| Commissioned first release Australian drama program (less than or equal to \$525,000 production budget per hour) | 1.5 | 540,000 | N/A | 139.1 | 135.3 | 539,745.01 | N/A | |

¹ 'CPI number' means the All Group Consumer Price Index number (being the weighted average of the 8 Australian capital cities) published by the Australian Statistician.

² 'Previous indexable amount' refers to the indexable amount in force immediately before 1 January of the relevant year.

³ 'Latest CPI number' means the CPI number for the quarter ending on 30 September before the relevant year.

⁴ 'Earlier CPI number' means the CPI number for the quarter ending on 30 September two years before the relevant year.

⁵ Where the ACCTS genre point allocation does not include dollar amount for production budgets or license fees the points remain static. For example, irrespective of CPI changes, Australian children's non-drama and Australian documentary programs are allocated 1.5 points and 1 point per hour of commissioned content broadcast.
